McMILLIN-SCHOLARSHIP FUND ESTABLISHED

In accordance with general sentiment, there has been established a Roderick S. McMillin Memorial Scholarship Fund in memory of the man who, among his many and varied civic interests, had unbounded interest in and loyalty to young people.

Anyone wishing to participate may do so at the Bethel Savings Bank.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The Earning property the town was requesting bids on was sold to Muriel Abbott from Rumford Point.

A meeting is scheduled by the Environmental Improvement Commission to be held at the Fire Station August 16. This will be to review our sewage disposal problem and is a part of our receiving approval by the Commission to proceed with the construction of a plant.

We have completed surveying the area needed for new lines and where the disposal plant will be located. The next move will be to acquire the actual land or in some cases we need only rights of way. More detailed descriptions are being prepared in order that we may show property owners where the lines will be crossing their property.

The area planned for the plant is off Route 26 400 feet almost behind the building occupied by the Bethel Shoe Company. The plant is designed with the possibility of floods being a problem.

Elwyn N. Dickey

Sunday evening, July 18, at the Greenleaf funeral home. Military services were held Monday afternoon at the West Parish Congregational Church with Dale Thurston officiating. Interment was in the Riverside Cemetery, Bethel.

As we mourn the death of this good man a kaleidoscope of his volunteer services slides before our saddened eyes.

Mush has been an eminent part of our village life. He has served his State and his Country with honor.

No local occasion, no ceremony, no parade was complete without him.

Over many years his generosity made possible for hundreds of Little League Baseball Members a trip to Boston to see the Red Sox. Thanks to his kindness no area child has missed a Shriners Circus.

Fond memories to the Senior Citizens are the jolly excursions for viewing Christmas Lights and Fall Foliage with Mr. and Mrs. McMillin in their warm and safe bus. Mush was kindest of neighbors. Best of men.

CAMPFIRE PERMITS AGAIN AVAILABLE IN WHITE MT. NATIONAL FOREST

The White Mountain National Forest has announced the resumption of its practice of issuing campfire permits. A temporary ban on the issuance of these permits was initiated recently because of the danger of forest fires.

Forest Supervisor Robert R. Tyrrel noted, "The rains we received early this week have eased the danger considerably. It would be an understatement to mention that they were most welcome."

Permits are required for campfires on the National Forest. This is true if the fire utilizes dead wood located near the site or if it is a gas-operated stove. Permits are not required at the 19 designated National Forest campgrounds located along the major roadways within the National Forest.

Tyrrel stated, "Campfire permits can be obtained at each of our Ranger Stations located in Plymouth, Littleton, Gorham, or Conway, in New Hampshire, and in Bethel, Maine. They can also be obtained at the Forest Supervisor's Office, Laconia, N. H." He mentioned, "we were fortunate to have avoided a major fire during our recent dry spell. We appreciate the cooperation we received from the many visitors to the National Forest."

WISH WE'D SAID THAT . . .

New Roads, La., Points Coupe Banner: "It is not the critic who counts, not the man who points out how the strong man stumbled or where the door of deeds could have been better. The credit belongs to the man who is actually in the arena; whose face is marked by dust and sweat and blood; who strives valiantly; who errs and comes short again and again; who knows the great enthusiasms, the great devotions and spends himself in a worthy cause; who, at best, knows the triumph of high achievement and who, at the worst, if he fails, at least falls while daring greatly, so that his place shall never be with those cold and timid souls who know neither victory nor defeat."

RUMFORD HOSPITAL'S GUEST RESIDENT PROGRAM EVALUATED

An evaluation of Rumford Community Hospital's Guest Resident Program was conducted this week by Dr. Peter Dorn, executive director, Health Council of Maine, Augusta, under the auspices of the Bingham Associates Foundation. Accompanying him was Dr. George Robertson, medical director for BAF, Boston, co-sponsors of the program with Maine's Regional Medical Program.

The Guest Resident Program is an experiment in continuing medical education. Periodically, young residents, in many specialties, from the New England Medical Center Hospitals, spend a week at one of 10 rural hospitals in Maine.

A program evaluation is conducted annually with medical staff members in order to obtain suggestions for improvements and other mutual benefits. Dr. Dorn and Dr. Robertson said Rumford's program was well-tailored. When it continues in

Community Club Meets—Five members and two guests met on

Mrs. Colista Morgan, Corres.
Today I walked upon the high green hills, then beyond into a pasture of pines.

Not far from home a thrush greeted me from atop a rock among delicate ferns. The greeting was brief then away he flew.

I followed a small brook bed moist but devoid of water at this time. Along its side was the gold thread plant abundant and decorative with its shining evergreen leaves. Pull it and the roots are bright yellow and thread-like. No delicate flowers now for they appear in May.

At the top of the mountain I did not stay today except to smell the roses and the wild cologne of hay; to catch the sunbeams on the waters of the ponds that rippled in the breeze; to watch the heifers graze in dignity and peace and to look for my tower on a far distant mountain which I believe is Mt. Zircon.

What a grand view!

I wandered to the east side of the mountain, a place through which I had not been in many years.

First I came to the brook where I had been in early spring. It was then fed by the snows penned up in woodland. At that time I walked across an earth bridge to a jutting rock that edged the brook. A vision churned to solid white was rushing through a delicate soft bed of ferns. Then too, it would leap and fall, scatter, splash and run, coming to rest in little pools where it whispered its secrets.

Today at the same spot I again crossed the bridge but with not even a trickle of water or a sound. Just beyond on an old stone wall was the wild morning glory or hedge hindweed with dainty pink bells clambering over the stones, their stems twisting in and out in luxuriant growth.

I'm sure he was lost for there was a humming bird scarcely bigger than his companions, the humble bees.

Leaving my "hummer" I set out for some groves of pines where the sun crisscrossed above the trees and sprinkled brilliance in places on the earth. Insects flittered and squirrels chattered their disgust at my intrusion.

The winds which had been erratic and light all day greeted each other in a chorus above.

On a granite master piece in my sale work I climbed to rest and look about.

Intricate patterns and formations were on all sides; tiny flowers in distant grass, rough ledges, fine lichens covering a section in front of me.

July 13 for the regular meeting of the Community Club at the home of Mrs. Linwood Tucker. Only officers present were Mrs. Everett Farrington, who conducted the meeting, and Mrs. Robert B. Swain, who read the reports. Get well cards had been sent to Muriel Farrington, Ann and Phillip Smith; birthday card to Mary Gammon.

The rummage sale scheduled for Aug. 11 was cancelled. A sale will be held on Sept. 21 (a tentative date). This sale will include Records, Books, Puzzles, Toys, Knick-knacks, and Games. It was voted to set aside \$10 from this sale for Dollars for Scholars.

A vote regarding the use of the club materials by the Bethel Congregational Church was not discussed until all the officers were present.

The Aug. 10 meeting will be with Mrs. Everett Farrington. It was noted that Mrs. Ernest Coombs and Mrs. Robert J. Swain would have birthdays before the next meeting. Both are in their late 80's.

Meeting adjourned and the group enjoyed a late supper, food furnished by each member.

Calvary Congregational Church News—Rev. Harold Duff, President of Christian Schools, Inc., of Glen Cove, Maine, will be a guest at the church on July 24 and 25. The Saturday time will be at 7 p. m. and the Sunday time will be at the regular morning service.

Lichens are nature's strange plants about which I know so little. Maine is well supplied with them. We find them on dead twigs of spruce trees; called old man's beard, dangling in bushy clumps. On the boulder where I sat were the crustose lichens that look so thin that they resemble a crust of some material rather than a living plant. They grow where other plants can't live.

I plunged on, on my soft carpet of woodland pine needles, through the fragrance of this blue-green cathedral.

This was a world by itself; mossy in spots; cool and crunchy under foot.

I left it for a section down a slope, passing through a part where once

there was an orchard. I now walked among these arthritic trees, their joints swollen and calcified by time.

Then I followed the curves of the walls and fields toward home. The mountains were in the distance unmoved and smiling; on their aged faces thousands of mysteries. They stretched far to the horizon beyond human reach, something of majesty but there for every heart to share.

LAKESIDE SUNDAY SERVICE AT SOUTH ARM

Nine o'clock Sunday service for South Arm campers was held on the shores of Richardson Lakes this past Sunday. Father George Mitchell of the Church of the Holy Spirit, New Hyde Park, Long Island, N. Y., conducted the service which was attended by the camping families.

Father Mitchell, who is an avid camper, is enjoying his first trip to Maine. Impressed with the beautiful

unspoiled wilderness of the Androscoggin Valley, and especially by the Richardson Lakes, Father Mitchell will be at the campground for over a week. He has with him as his guests, three young boys from his Parish, who are having their first glimpse of Maine's forests and experiencing the thrills of canoeing. South Arm Campground is hoping to have Sunday services at the campground throughout the camping season.

SCHOOL DIRECTORS MEET

continued from Page One
Hampshire. Her duties at Telstar will include coaching of girls' field hockey and girls' skiing.

Mr. Collins graduated from Lewiston High School and received his bachelor of science degree from the University of Maine, Orono. He will serve as varsity football coach.

Miss Nancy Fox of the Telstar English department was approved as coach of girls' basketball and softball.

It was the decision of the board that the district retain possession of the West Bethel School. The feeling was that use of the structure for instructional purposes might be feasible at some undetermined future date.

Supt. Robert J. Gerardi discussed proposed budget data, and indicated that he recommended an eventual change-over from a calendar year to a fiscal year (July 1-June 30) budget. The board approved the developing of an 18-month budget to facilitate the change to a fiscal year scheduled in mid-1973. During the period of the 18-month transitional budget the amount to be assessed member-towns would be split into six equal parts instead of four as is the case in a 12-month budget.

Mr. Gerardi also reported that the food services account ended the school year in the black, and it appears that no allocation of funds will be necessary in the upcoming budget.

It was the board's decision that any surplus funds remaining from those offered for sale are to be placed in storage.

Agenda items tabled until the next regular board meeting include: Telstar smoking area, and appointment of an auditor.

Board members not present at the Monday meeting, were: William Cousins, Mrs. Margaret Crossbie, Bethel; and Bernard Brooks, Greenwood.

The next regular meeting of the S. A. D. 44 board will be held Monday evening, Aug. 2, at Telstar Regional High School.
